Manufacturer

Plates in clauses 1 - 2

- Should be manufactured as "steel plates" and not sheets that are cut from rolls.
- For avoidance of any doubt, all plates mentioned in clauses 1-2 must be manufactured only by one manufacturer.

Plates in clause 3 - 5

- Should be manufactured as sheets that are cut from rolls.
- Plates/sheets in clause 3-5 must be manufactured by one of the following:
 1. The same manufacturer which manufactures Plates in clauses 1-2.
 2. A different manufacturer.

Eur1 or US Certificate

All steel plates/sheets in clauses 1-5 should be manufactured by manufacturer/s that will provide Eur1 Certificate, or by manufacturer/s that will provide US certificate of origin or equivalent invoice declaration with the goods.

Testings and certificates:

Mill Test Certificate 3.2 and third part inspection LLOYDS
